IV. STATEMENT OF CLAIM

A. State here, as briefly as possible, when, where, how, and by whom you feel your constitutional rights were violated. Do not include legal arguments or citations. If you wish to present legal arguments or citations, file a separate memorandum of law. If you intend to allege a number of related claims, number and set forth each claim in a separate paragraph. If your claims relate to prison disciplinary proceedings, attach copies of the disciplinary charges and any disciplinary hearing summary as exhibits. You should also attach any relevant, supporting documentation.

Nature OF Action

This action arises from the deprivation Plaintiff rights under the Americans with disabilities Act and the Eighth Amendment to the United States Constitution. In December of 2013 Plaintiff was incarcerated at Stateville CC and while Shoveling snow he injured his back. Three months later on March 27, 2014 Plaintiff was taken to St. Joseph Medical Center in Joliet Illinois by ADA van With Wheelchair. Plaintiff was diagnosed with severe spinal Stenosis and disc protrusion at his L4/L5. On August 16, 2016 Plaintiff was sent to U of I in Chicago to receive a steroid injection in his lower back. No change in Plaintiff chronic lower back and left leg pain. One more consultation with the back specialist at U of I in Chicago to discuss back surgery but he was transferred to Menard C.C. in late 2016 with medical holds on him. Once at Menard C.C. the medical director sent Plaintiff to the orthopedic Surgeon in Carbondale Illinois on March 24, 2017 and the doctor recommended more physical therapy and another steroid injection along with the ADA van transportation with wheelchair. On April 19, 2019 Plaintiff was transferred from Menard CC To Western Illinois Correctional Center. Then on June 24, 2019 the medical director, the ADA Coordinator and the CAO at WICC approved Plaintiff ADA van with wheelchair for all court writs and soon thereafter on October 22, 2019 the director of IDOC approved the ADA van with wheelchair as well for the plaintiff.

Plaintiff was assigned to the only ADA Wing at WICC 2 B-Wing because that wing and house had the only ADA shower mounted on the wall with the seat. On August 2, 2019 the medical director at WICC issued Plaintiff a medical permit for a single man cell states "Indefinitely". Then the MD renewed Plaintiff Single man cell permit on July 27, 2022. The reason Plaintiff was issued the single man cell status medical permit is because Plaintiff has an enlarge prostate and he is up all hours of the night using the toilet and conflict with a cellie could cause permanent damage to the Plaintiff. Plaintiff has two crutches that could be used as a weapon to harm the Plaintiff as well. Plaintiff has problems sleeping and his mental health problems was also a factor why the single man cell medical permit was issued. Plaintiff had several medical holds on him at WICC when he was involuntarily removed from WICC, 1) To see a neurosurgeon for his back surgery, 2) Eye specialist and 3) to see the urologist for his enlarge prostate. In the last three facilities Plaintiff was in he was prescribed the chronic pain medication Tramadol to help subside his chronic lower back and left leg pain. In December 2021 back surgery was recommended by the back specialist Dr. Jacob Monsivais at (SIU) in Springfield Illinois and the doctor recommended more physical therapy and spinal injection and no change's in Plaintiff medication tramadol and gabapentin. On Feb. 15, 2024 I was transferred to PNKCC because of a C/O Robert K. Ziegler was bent on retaliating against the Plaintiff and he wrote a falsified disciplinary Report on the Plaintiff ~~Assault~~ Assault along with other bogus charges which was proven to be a lie because the video footage proved Plaintiff innocent.

Count I

Towards Defendant Dr. Percy Myers for deliberate indifference to Plaintiff serious medical needs subjecting him to cruel and unusual punishment:

- 1) Plaintiff is in PNKCC now and DR. Myers has discontinued his Medical permits, single man cell status, ADA van with wheelchair, double mattress and his chronic pain medication tramadol.
- 2) Plaintiff single man cell status was for his safety and well-being. DR. Myers did not want to hear none of that when Plaintiff arrived at PNKCC.
- 3) Due to DR. Myers refusal to continue Plaintiff single man cell status on May 8, 2024 placement put another inmate in the cell with Plaintiff and Plaintiff went on crisis watch.
- 4) Once Plaintiff was released from crisis watch placement moved Plaintiff with another individual and he complained about the noise in the wee hours in the morning Plaintiff was making.
- 5) On June 24, 2024 Lt. Hiller had that inmate removed from the cell he shared with the plaintiff because a physical confrontation was coming.
- 6) On July 9, 2024 placement move the same inmate back into the same cell with Plaintiff.
- 7) Plaintiff went into protective custody in (5) house and placement put another inmate in the cell with him and this time I was threatened to the point Plaintiff informed the (5) house Lt. Ransom and that did not do any good.
- 8) Now Plaintiff is now in one of the worse housing units in this facility (3) house with another cellie.
- 9) DR. Myers has caused the Plaintiff to deal with

Something that should not have happened.

- 10) With my spinal injury one good blow With one of Plaintiff Crutches in his back can be irreparable injury.
- 11) Dr Myers discontinued Plaintiff Chronic pain medication tramadol Which has increased his lower back and left leg pain.
- 12) DR Myers deliberate indifference to Plaintiff serious medical need caused Plaintiff high blood pressure to become even higher.
- 13) Plaintiff Was placed on an additional high blood pressure medication because the increased pain ~~is~~ can lead to heart failure, Kidney and liver failure as well.
- 14) When Dr. Myers discontinued Plaintiff tramadol and his ADA Van transportation With Wheel Chair Plaintiff lower back and left leg experience more burning sensation then ever.
- 15) Plaintiff Went out on a medical Writ April 23, 2024 in a regular van and he almost fall getting out of that van. If it wasn't for the officer catching him he could have really injured himself.
- 16) On June 12, 2024 Plaintiff Went out on another medical Writ in a regular van and When he got back getting ~~out~~ of the van he failed on his back causing him a great deal of pain.
- 17) Plaintiff Wrote an emergency grievance on the matters. And the Respondent did not even address Plaintiff falling out of the regular van and Defendant Borwick just signed off on it.
- 18) Now that this administration have the Plaintiff in one of the farthest ^{Housing Units} away from the HCU (3) House he has been trying to get a wheelchair for long distance because his Chronic lower back & left leg's ^{pain} not getting any better. So far Dr Myers has denied his Request.

- 19) Plaintiff sat down with Dr. Myers on June 27, 2024 and Dr. Myers told the plaintiff that he will send him out to get an injection in his back to help with some of the pain and discomfort Plaintiff was experiencing.
- 20) Plaintiff suggested to Dr. Myers Why not send me out to see a Neurosurgeon so I can get back surgery, Artificial disc Replacement so we do not have to worry about the ADA van with wheelchair, Wheel chair for inside grounds or reinstating my chronic pain med. tramadol.
- 21) DR. Myers Was not hearing ~~to~~ the Plaintiff on that he just said that the injection will help my chronic pain.
- 22) I tried again to explain to Dr. Myers that I receive that pain shot before and it did not help.
- 23) DR. Myers asked Plaintiff did I bring my medical documents with me from when I was offered surgery and receive that injection. Plaintiff said no.
- 24) So what that has told me was DR. Myers never review Plaintiff medical chart like he said he would when I first sat down with him on Feb. 23, 2024.
- 25) Plaintiff was also wondering why the sudden interest in my medical concern after Plaintiff been at PNKCC for a little over 4 months.
- 26) It hit the Plaintiff that evening on June 27, 2024 when PNKCC ~~post~~ passed out the mail that evening and Plaintiff received Dr. Myers Waiver of Service of Summons sheet informing him that he is being sued by Plaintiff.
- 27) This could and should have been done months ago and there could have been a strong possibility

that Plaintiff would have never brought this law suit against the Defendants.

28) Dr. Myers has treated the Plaintiff and is still treating the Plaintiff with cruel and unusual punishment.

Count 11

Towards Defendant John Borwick for Deliberately Indifferent to Plaintiff's serious medical needs in violation of the Eighth Amendment and the ADA & RA reasonable accommodations.

32) Also Borwick was sent a number of emergency grievances that dealt with the above mentioned matters in paragraphs 30 & 31 and he deemed those grievance as an emergency.

33) Once the respondent(s) answered the grievances with conflicting and misleading statements Borwick could have overruled there misleading statements. But he did not.

34) Prime example: When Dr. Myers discontinued Plaintiff ADA Van With Wheelchair Plaintiff went out on a medical writ on April 23 2024 and he almost fall out

of the regular van because his left leg gave out on him,

- 35) Plaintiff filed an Emergency on the incident on April 29, 2024 and Borwick deemed it as an emergency and when Dr. Myers suggested some different besides Reinstating the ADA Van with Wheelchair Borwick just rubber stamped the grievance.
- 36) Then Plaintiff went out on another medical writ on on June 12, 2024 Plaintiff actually failed out of the regular van because when he stepped on that man made step PNKCC made for inmates to step on to get in and out of the van Plaintiff left leg gave out on him and the man made step went one way and the Plaintiff landed on his back in extreme pain.
- 37) Plaintiff wrote an emergency grievance on the matter on June 13, 2024 # K59-0624-2072 and Warden deemed it as an emergency as well "BUT" the respondent never mentioned the most critical point of the grievance, "When Plaintiff fell on his back getting out of the regular van", and once again Borwick just rubber stamped it.

5) IDOC has violated Plaintiff's ADA and RA Rights by denying Plaintiff of the benefits and services, program And ~~activities~~ activities subjecting Plaintiff to discrimination because of his disabilities.

CONCLUSION

Plaintiff was a target the day he arrived at PNKCC. Subjecting him to cruel and unusual punishment and deliberate indifference to a serious medical condition.

When IDOC involuntarily removed Plaintiff from WICC all of his medical needs/permits should have followed him and honored by PNKCC administration and medical because Plaintiff did nothing wrong to be removed from WICC.

Plaintiff followed the IDOC guide lines and rules. When it came to filing grievances and he should not be retaliated against according to IDOC rules "BUT" he was and as a result IDOC broke there own rules and retaliated against the Plaintiff by involuntarily transferring the Plaintiff to PNKCC to "PROTECT" one of there employees at WICC "Robert K. Ziegler" security staff member so he could not continue to retaliate against the Plaintiff.

What kind of justice is that!

Plaintiff has written to every department head at PNKCC and IDOC to try and "STOP" the continued violation and it seems like the more Plaintiff try

the more PNIKCC and IDOC defy him.

Wherefore Plaintiff Prays that this Honorable Court enter judgment in his favor against the defendants,
